

**GENERAL SERVICES  
ADMINISTRATION****41 CFR Parts 102–117 and 102–118**

[FMR Amendment D–1]

RIN 3090–AH43

**Transportation Management and  
Transportation Payment and Audit****AGENCY:** Office of Governmentwide Policy, GSA.**ACTION:** Final rule.

**SUMMARY:** The General Services Administration (GSA) is extending the retirement date of Optional Forms 1103, U.S. Government Bill of Lading (GBL), and 1203, U.S. Government Bill of Lading—Privately Owned Personal Property (PPGBL), until March 31, 2002. A GSA review indicated that instead of transitioning to standard business practices, agencies were creating a new form to replace the GBL. Extending the retirement date for six months will give agencies more time to enhance electronic transportation systems currently in place and transition to the use commercial practices.

**DATES:** Effective September 21, 2001.

**SUPPLEMENTARY INFORMATION:****A. Background**

GSA published Federal Management Regulation (FMR) part 102–117 (41 CFR part 102–117), Transportation Management in the **Federal Register** on October 6, 2000 (65 FR 60059), and FMR part 102–118 (41 CFR part 102–118), Transportation Payment and Audit, in the **Federal Register** on April 26, 2000 (65 FR 24568). These final rules provided for the retirement of Optional Forms 1103 and 1203, the BGL and PPGBL, respectfully for domestic use.

**B. Substantive Changes**

This rule extends the retirement date for Optional Forms 1103 and 1203, to March 31, 2002. Although both the GBL and the PPGBL are being retired for domestic shipments, both forms will remain available for international and domestic overseas shipments.

The government will need to transmit some type of shipping order to the transportation service provider (TSP), but not a bill of lading. The transmittal (preferably electronic) must include all

information necessary for booking a shipment. In practicality these actions eliminate two government forms and transition agencies to the use of standard industry practice and electronic commerce.

**C. Executive Order 12866**

GSA has determined that this rule is not a significant regulatory action for the purposes of Executive Order 12866 of September 30, 1993.

**D. Regulatory Flexibility Act**

This rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because the rule only applies to internal agency management and will not have a significant effect on the public.

**E. Paperwork Reduction Act**

The Paperwork Reduction Act does not apply because this rule does not impose recordkeeping or information collection requirements, or the collection of information from contractors, or members of the public which require the approval of the Office of Management and Budget (OMB) under 44 U.S.C. 501–517.

**F. Small Business Regulatory  
Enforcement Fairness Act**

This rule is exempt from Congressional review under 5 U.S.C. 901 since it relates solely to agency management and personnel.

**List of Subjects in 41 CFR Parts 102–117  
and 102–118**

Freight, Government property management, Moving of household goods, Transportation.

For the reasons set forth in the preamble, 41 CFR chapter 102 is amended as follows:

**Atlantic Highly Migratory Species;  
Longline Fisheries**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Revision to an emergency rule; request for comments.

**SUMMARY:** NMFS revises the emergency regulations governing the Atlantic highly migratory species (HMS) fisheries that require all vessels issued an Atlantic HMS permit to post in their wheelhouses NMFS-supplied sea turtle handling and release guidelines for pelagic longline gear to require that only such vessels fishing for Atlantic HMS that have pelagic or bottom longline gear on board post the guidelines. This revision is needed to make the regulations consistent with an August 31, 2001 revision to a term and condition of the reasonable and prudent measure identified in the incidental take statement accompanying the June 14, 2001 Biological Opinion on the Atlantic HMS Fishery Management Plan and its associated fisheries. The intent of this revision is to remove the requirement that non-longline vessels post sea turtle handling and release guidelines that are specific to longline gear.

**DATES:** Effective September 15, 2001, through January 9, 2002. Comments must be received by November 8, 2001.
